

## Easi-Scan:Go<sup>™</sup> curve

### Be Connected. Be Smart. Let's Go!

Wireless, connected on-farm ultrasound, strengthening the relationship between vets and farmers, ensuring better productivity on the farm and improvement in animal health.

**Be connected:** The Easi-Scan:Go curve integrates seamlessly with the modern farm. It is a wireless, App based scanner, that can present the ultrasound image on up to 3 devices simultaneously. With the IMV Cloud you have instant access to vital data, enhancing team work and strategic planning.

**Be Smart:** Smart devices are not only used to view the image but also to record data. Vets can plan their day with Visits ToDo App and send a notification to the farmer before arrival, reducing waiting time.

**Let's Go:** Fast, light and with minimal set up time, the Easi-Scan:Go curve provides speedy results without sacrificing accuracy. Completely sealed, the scanner is water proof for ease of cleaning and maintaining biosecurity.
